

<b>Mock exam title</b>	<b>Mock date</b>	<b>Mock time</b>	<b>Room</b>
Paper 4 - Numerical Methods for Compressible Fluid Dynamics	01/11/2023	2:00-4:00pm	West 1
Paper 3 - Introduction to topological materials	08/11/2023	11:00-13:00	South Room
Paper 2 - Atomistic modelling of materials	10/11/2023	11:00-13:00	South Room
Paper 5 - Numerical Methods for Incompressible Fluid Dynamics	15/11/2023	2:00-4:00pm	West 1
Paper 6 - Simulation of Matter under Extreme Conditions	17/11/2023	2:00-4:00pm	South Room
Paper 1 - Electronic structure	06/12/2023	10:00-12:00	West 2
Paper 8 - Multiphysics Modelling for Four States of Matter	06/12/2023	10:00-12:00	West 2
Paper 9 - Advanced Atomistic Simulation Techniques	07/12/2023	10:00-12:00	West 1
Paper 7 - Simulation of Complex Incompressible and Low-strain Rate Phenomena	08/12/2023	10:00-12:00	West 2
